A Proud WOMAN-OWNED Business

FOLD LINE

FOLD LINE

SAFE ZONE
To avoid having any content cut off, keep important text or images inside the dotted lines.

TRIM
The document's final size after printing and trimming

BLEED
Images/Text that should "run" off the page, after printing, should be designed larger than the Trim size. Including bleed helps speed up production!

BORDER
If you would like to have a border on your artwork, make sure you meet the minnimum thickness of 3/8in from the BLEED line.
